Greg Hodgson, Course Leader

Design Graphics with Your Students, Adobe Education Exchange

Design Graphics with Your Students

Course Description

The course explored the principles of producing graphics with Adobe Illustrator. In the course you learnt how to apply your new digital skills to create digital graphics projects into your curriculum. Designing graphic images encourages students to express their ideas through an engaging, innovative and easily accessible digital format. Digital graphics projects can be used effectively in all subject areas, allowing students to improve their communication skills while learning key content objectives and improving digital literacy.

Course Completed

November / December 2020

Tools Used

- Adobe Illustrator

Learning Objectives

- Why creativity is vital for learning, digital literacy, and student engagement.
- How using Adobe tools to enhance creativity your curriculum can produce positive outcomes for you and your students.
- How to apply your new skills to integrate digital graphics in your curriculum.
- Collaborate with educators from around the world.
