Animate from Audio Challenge

Activate student voices with fun and easily adaptable prompts from Adobe Express and Animate from Audio!

Let's get started!

1. Scan the QR code or click on the image of the template to open it in Adobe Express.

2. Remix the template to create a fun background for your character, based around the theme of a geography guessing game:

1. Replace the photo with a new location
2. Replace the text prompts to create your own clues
3. Change the colors and the design. Make it your own!
4. Download your background as a .jpeg

3. Upload your background to *Animate with Audio*, then navigate to the Size tab and choose "Landscape" to see the full background.

4. Choose a character and record your voice clip.

5. Download your video as an .mp4 and share it with your teacher!
